

CATAMARAN "ANNABA"

General Information

ANNABA is a fast cruising catamaran designed by renowned French architect **Paul Lucas** as a prototype for long-distance cruising, specifically for two couples with separate cabin accommodations.

- **Builder:** Manuart & Bruneau, France
 - **Designer:** Paul Lucas
 - **Launched:** 1996, Sète, France
 - **Current Ownership:** Second owner
 - **Location:** Bonbonon, South Negros Island, Philippines
-

Specifications

Item	Details
Length Overall (LOA)	11.60 meters
Beam	6.25 meters
Draft	0.90 meters
Dry Weight	3,900 kg
Sailing Weight	5,500 kg
Construction	Strip planking with Red Cedar & West System internal/external sheathing
Safety Features	Bow and stern collision crash boxes on both hulls

Engine & Propulsion

- **Engine:** Nanni Marine Diesel, 21 HP
 - **Saildrive:** British Sillette Sonic MK1
 - Lifiable while sailing to minimize propeller drag
 - Diesel consumption approximately:
 - **1 liter per hour**
 - Cruising at **5 knots**
-

Ownership & Voyage History

First Owner

One of the original builders.

Sailed ANNABA from:

- Sète, France
- Through Panama
- Across Asia
- To Langkawi, Malaysia

Total distance sailed: approximately **40,000 nautical miles**

Present Owner

Purchased ANNABA in **2022**.

Voyages completed:

- Langkawi to the Philippines via Borneo
- Philippines to Micronesia and return

Total distance sailed: approximately **7,000 nautical miles**

After arriving in Negros, the owner and partner spent **14 months**:

- Refitting the interior
 - Refitting the cockpit
 - Overhauling the Nanni diesel engine
-

Mast, Rigging & Sails

Spars & Rigging

- Aluminum mast and boom by **SPARS**
- Stainless steel rigging and turnbuckles by **ACMO**

Sails

- Heavy-duty cruising mainsail (2024)
- Solent jib (2024)
- Manufactured by **Hyde Sails, Cebu**

Condition:

- Excellent

- No repairs required
- "Like new"

Additional sails:

- Spare Solent (fully re sewn by Hyde Sails)
- Storm Jib (never used)
- Gennaker with sock in good condition

Trampoline

- New Ferrari trampoline
 - Installed by Hyde Sails
-

Deck Equipment

- 5 x Henderson Scandinavian winches
 - Goiot windlass with new 1000W motor
 - 2 primary anchors
 - Hybrid chain/rope anchor systems
-

Navigation & Electronics

Navigation

- Furuno 16-mile radar
- Matsutec Active-Passive AIS (new)
- Raymarine depth sounder
- Raymarine EVO wheel autopilot (2023)

Communications

- Fixed VHF radio
 - Portable VHF radio
-

Electrical System

- 3kW inverter/charger (12V to 220V)
- 2 x 180Ah maintenance-free house batteries
- 90Ah engine battery
- Victron controller

- 6 solar panels
-

Galley & Accommodation

Galley

- 52-liter Bushman refrigerator
 - 12V / 110V / 220V
 - Top-opening design
- 2-burner stainless steel propane stove

Propane Storage

- 2 aluminum LPG tanks
 - Capacity for approximately:
 - 3 to 4 months cooking
 - Three meals daily
 - Special vented external compartment
-

Water System

- Total fresh water capacity: **500 liters**
 - 400 liters + 100 liters distributed in hull tanks

Features:

- Fresh and saltwater supply at galley sink
 - Shower with new pressure pump
-

Bilge & Sanitation

- 2 electric bilge pumps
 - Automatic float switches
 - British Lavac marine toilet
 - Henderson diaphragm pump
-

Fuel Capacity

- Diesel tank: **110 liters**
- Additional fuel:

- 100 liters in jerry cans
- Stored in dedicated vented compartment

Total Fuel Capacity: 210 liters

Current Location

ANNABA is moored in **Bonbonon, South Negros, Philippines**, considered one of the safest and best-protected anchorages within the Philippine archipelago.

From Negros, major cruising destinations are within approximately 2,000 nautical miles:

- Malaysia
 - Thailand
 - Indonesia
 - Australia
 - China
 - Taiwan
 - Cambodia
 - Laos
 - Brunei
 - Palau
 - Micronesia
 - Papua New Guinea
 - Guam (USA)
-

Included / Not Included
