

# Lafitte Cutter Cruising Yacht For Sale

*ICHIBAN*, Lafitte Cutter, Robert Perry design, 1981

The Lafitte Cutter is another of the many Robert Perry designs. It is a heavy displacement passage making design. The project owner described the boat “Basically designed for long-distance cruising with an after cabin but no center cockpit; stiff with good sailing ability, and a good seaboat; a strong boat with built-in allowance for high bottom pressures, bolt-on external ballast and a low center of gravity.”

Specifications:

LOA: 44.33ft

DRAFT: 6.33'

LWL: 35.5'

DISPLACEMENT: 28,000LBS

BALAST: 1.130LBS

FUEL CAP. 110USG

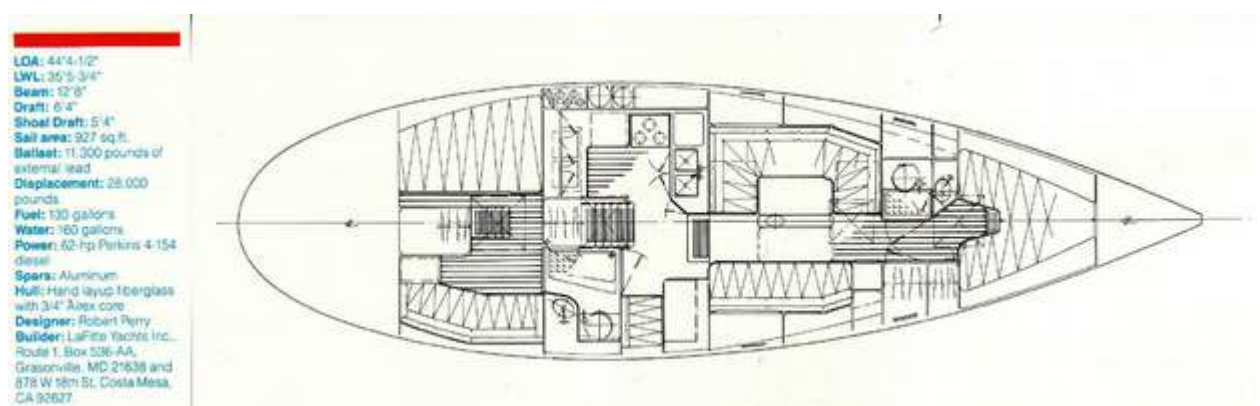

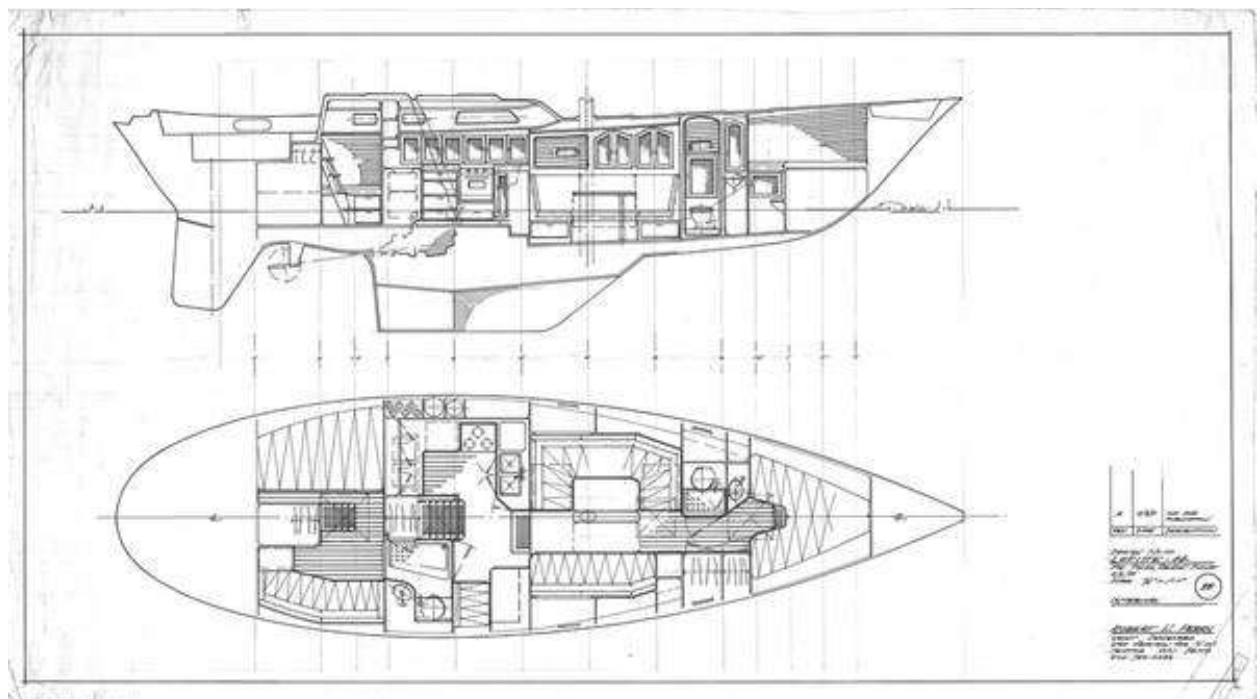

DIESEL BETA ENGINE, 54HP, 7,380 HRS

RAYTHEON; PLOTTER/RADAR, DEPTHSOUNDER
