

# Colvic Countess 11.4M Cruising Yacht For Sale

*Roke* is a 1994 Colvic Countess 11.4 m (37.4ft), fiberglass mono hull, cutter-rig.

I bought her in Langkawi, Malaysia in 2012

We sailed around Asia for approximately for 4 years before starting circumnavigation from Cebu, Philippines, in 2018

She is a very comfortable liveaboard boat easily managed by 1 or 2 people but can sleep up to 6-9

She has proved to be a very safe boat encountering tough conditions in various parts of the world.

We rarely use marinas, with the ample solar power and two hard tops designed as rainwater catchers plus, wind turbine; Echotech engine-driven water-maker and 100m of anchor chain can live on the hook almost indefinitely. She has an amazing amount of storage space for a boat of her size.

There is also a (disconnected) Eberspacher blown-hot-air heating system for those wanting to go to cooler climes.

Dinghy

4-man Quicksilver fiberglass bottom with Mercury 5HP and Yanmar 1.5HP

We updated the rigging 2018

New Beta 50HP engine 21/1/2017

New Hydraulic gearbox June 2019

New Echotech engine-driven water-maker, Trinidad 2019

New sails: forsail, Cape Town 2019; spinnaker, Cape Town 2019

Rigging for poling out, Cape Town 2019

Large cockpit hard top with side screens and opening glass windows was fitted in Port Carmen, Philippines, 2017. Gives another living area converts to 2 beds when sailing at night.

Inclusions . . .
